**4. DISCUSSION**

The Sea Point City Improvement District (SPCID), was established in 2002 and is now applying for their seventh term as the current term expires on 30 June 2026.

In terms of section 27 of the City Improvement District By-law - promulgated as per Provincial Notice No. 8743, Council received an application on 12 January 2026 to extend the term of the SPCID from 1 July 2026 to 30 June 2031 (attached as annexure A).

The new Business Plan consists of a Motivation Report that defines the need and framework required to provide supplementary municipal services, an Implementation Plan proposing relevant action steps to implement the services and the 5-year Budget which reflects the funding required to provide these services (attached as annexure B).

The Business Plan proposes a continuation of the same services as implemented during previous years with a 9.4% increase in the additional rates required to fund the budget in the first year and increases in the outer years of 8.9%, 8.6%, 8.7% and 8.7% without compromising service delivery.

The SPCID budget is funded by the property owners (additional ratepayers) and collected by the City in a sustainable manner as additional rates. This is in terms of section 22(1)(b) of the Local Government: Municipal Property Rates Act (MPRA), Act 6 of 2004 which allows the City of Cape Town to impose the additional rate on the properties in the SPCID. These contributions are proportionately based on property values. The required additional rates are modelled before finalisation of the new Business Plan to ensure affordability and sustainability in continued service delivery.

In terms of section 27(2)(b) of the CID By-law, members of the management body, additional ratepayers and the local community must be notified and included in a consultation process before the renewal application is submitted to the City. Accordingly, the Annual General Meeting (AGM) held on 12 November 2025 was advertised in two daily newspapers on 17 October 2025 and a notice with the agenda was sent to all additional ratepayers and stakeholders (refer annexure C). The term extension was a key item on the AGM agenda, with all relevant documents readily accessible on the SPCID website. Additionally, these documents were made available for in-person inspection at the SPCID offices.

The term extension as per the new SPCID Business Plan (1 July 2026 to 30 June 2031) was supported and unanimously approved by the members of the SPCID as per the AGM draft minutes (refer annexure D) as informed through the successes achieved in the previous term as evidenced in their Annual Report.

The Business Plan was available to members of the management body, additional ratepayers and local community for inspection for a period of 30 days after the conclusion of the AGM, requesting them to make written comment or objection. No objections or comments were received and therefore no further amendments were made to the Business Plan (refer annexure E).

A memo was sent to all relevant Service Departments requesting them to review the new Business Plan and submit comments to ensure service delivery alignment in terms of the IDP. All the comments received are recorded in annexure F and sent to the SPCID for consideration and further engagement with the Service Departments.

A nil response from the departments consulted indicate that the proposed new SPCID Business Plan does not conflict with the functions of the respective departments with whom SPCID will interact should the application for the term extension be successful.

## A. MOTIVATION REPORT

### Introduction

The Sea Point City Improvement District (referred to as SPCID), a registered non-profit organisation, was established in 2002 approved by the City of Cape Town. The SPCID was established as the Business District was showing signs of decay. The SPCID operates within a specific geographical area and brings added value in both the short and long term. The SPCID as the “Jewel in the Crown of the Western Cape” as described by Time Out, with its great location, larger than life atmosphere, safe and clean public areas which attracts tourists from all over the world, as well as visitors from neighbouring provinces which brings in much needed revenue into the Sea Point area. The SPCID has been in existence for 23 years and has shown and proven why it needs to remain active and continue for a further 5-year period as their contribution has played a vital role in the rejuvenation of the area, return of confidence with proof of the numerous developments and will continue to influence further regeneration. The SPCID has consistently received unqualified audit reports year after year, reflecting sound financial governance and operational integrity. The continuation of the SPCID for the 2026-2031 term, being the sixth term cycle, is critical to sustaining and enhancing the gains, such as reducing crime and providing a safer environment for all and to increase developments and business investment in the area. Over the past three years, the Sea Point CID area has seen more than six major building developments worth millions of rands. In addition, there are currently six significant developments underway.

## SPCID Vision

The vision of the SPCID is to create a vibrant, safe, and welcoming urban environment that inspires confidence, fosters inclusive access, and attracts sustained investment and tourism, local and international, through excellence in public space management.

## SPCID Mission

Our mission is to provide enhanced and supplementary municipal services within the Sea Point City Improvement District, focusing on public safety, urban maintenance, environmental and social development, and strategic marketing. We aim to foster a thriving, inclusive, and well-managed district that promotes business confidence and contributes meaningfully to Cape Town's vision of being a world-class city.

## Strategic Objectives

The SPCID is committed to creating a safe, clean, and inclusive urban environment by delivering enhanced and supplementary services that support and elevate those provided by the City of Cape Town.

Our strategic objectives include:

- **Enhancing municipal services** through targeted interventions in public safety, urban maintenance, cleansing and environmental initiatives.
- **Implementing integrated programmes** that address public safety, cleaning, and social upliftment to improve quality of life for all users of the district.
- **Building collaborative partnerships** with key stakeholders, including SAPS, the local Community Police Forum, private security providers, ratepayer associations, neighbourhood watches, and residents, to ensure a coordinated and responsive approach in a mixed-use area that serves both business and residential communities.

## The SPCID's Core Values

Our Core Values are:

- **Commitment** – We are dedicated to serving our community with passion and purpose.
- **Accountability** – We take responsibility for our actions and deliver on our promises.
- **Reliability** – We provide consistent, dependable service that stakeholders can trust.
- **Integrity** – We act with honesty, fairness, and strong moral principles in all we do.

A key factor to improving and attracting investment and visitors to any area is to ensure a safe environment. Fear plays a major role, and the community are concerned about street safety and aggressive street children. A safe area attracts local residents and foreign tourists. Therefore, the SPCID endeavours to strengthen resources to create a safe environment and maintain confidence in the area, by investing in crime prevention strategies. These are monitored by submitting regular reports to the SPCID Board, and via the SPCID's annual report at the Annual General Meetings (AGM's), usage of social media as well as community media channel.

- **SAFETY FIRST:** Reducing fear and crime through proactive public safety strategies
- **COMMITMENT:** Delivering on our mandate with integrity
- **ACCOUNTABILITY:** Transparent operations and performance reporting
- **RELIABILITY:** Consistent service delivery
- **INCLUSIVITY:** Engaging all sectors of the community

**Consistency with Integrated Development Plan (IDP)**

The table below reflects how the SPCIDs supplementary services are consistent with the City’s IDP:

**5-Year Budget for the SPCID**

The detailed 5-year budget for the implementation and operations of the SPCID is set out in Part C. It reflects the identified needs of the SPCID operations in as cost effective a manner as possible. Income in the form of additional rates will be derived from all properties in the area, and this attracts VAT.

**Financial Impact of the Sea Point CID**

The Expenditure Budget for each year of the Business Plan:

YEAR	TOTAL EXPENDITURE	REVENUE (Additional Rates)	REVENUE (Other: Accumulated Surplus & LPR income)	% INCREASE IN ADDITIONAL RATES REQUIREMENT
1	R 12,013,567	R 11,663,567	R 350,000	9.4 %
2	R 13,074,690	R 12,700,690	R 374,000	8.9 %
3	R 14,186,729	R 13,786,809	R 399,920	8.6 %

4	R 15,398,417	R 14,989,460	R 408,957	8.7 %
5	R 16,725,256	R 16,287,582	R 437,674	8.7 %

In line with the City’s CID By-law, the SPCID Management Body is required to prepare a proposed annual budget for each successive financial year by the date and in the format required by the Executive Director based on the specific needs of the area as set out in the Business Plan. The budget is funded by an additional property rate levied on the municipal valuation of all properties within the CID boundary.

The property rate is calculated by the City annually during the City’s budget process. The additional rate is expressed as a Rand-in-the-rand and is calculated by dividing the budget total with the total municipal valuation of properties in the CID. As a general rule, the anticipated increase in the additional rate will align with the projected budget increase.

However, the impact on individual property owners in the outer years of the CID term may vary. This is due to valuation fluctuations that can result from successful valuation objections, subdivisions, new developments, court amendments, or the implementation of a new General Valuation Roll or Supplementary Valuation Roll. Such changes may cause the CID budget to be spread over either an increased or reduced total municipal valuation base.

The CID By-law allows for differentiated additional rates between categories of rateable property and as such a residential and non-residential additional rate is applicable in the SPCID. Should property owners receive partial or full relief in respect of rates they would enjoy full exemption from payment of any SPCID additional property rates. It is, however, incumbent on the property owner to seek such relief from the City under the City’s Rates Rebates Policy.

The budget and additional rates` are approved by Council with the City’s budget and is applicable over a financial year, which starts on 1 July.

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXXX represents the approved CID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)

## **Proposed Management Structure**

The SPCID will continue to be governed by a Board of Directors, duly elected by the SPCID members. The Board of Directors consists of property owners within the SPCID boundaries. A political representative from City of Cape Town, appointed by the Executive Mayor, also attends Board meetings as an observer. The Board will oversee the Non-Profit Company (NPC), with the management of the daily operations assigned to the Chief Operations Officer within the framework of the approved SPCID Business plan.

Quarterly Board meetings will be held to allow Directors to review current operations and recommend corrective measures if required. The Board can appoint service providers and staff to manage the day-to-day operations of the SPCID. The current structure is:

- The Board of Directors
- Chief Operations Officer
- SPCID Manager
- Public Safety Manager
- Social Field Officer

The above appointed members do daily checks within the SPCID area and ensure that all strategic objectives are met and service requests are logged when necessary. Daily interactions with business owners.

An Annual General Meeting is held annually to review the performance of the SPCID and to confirm the mandate of the members. The Budget and Implementation Plan for the following year is presented and discussed for approval. This meeting provides the opportunity to elect new Directors to serve on the Board of the SPCID. Audited annual financial statements of the previous financial year are presented to show accountability, financial sustainability and performance. All of the above is subject to monitoring and oversight by various departments of the City of Cape Town (CCT). The CID Branch also advises, monitors, oversees and provides guidance on administrative, financial, operational and governance compliance.

## **Permissible Amendments to the Business Plan without Further Consent**

In the event that a determination is made to affect a material alteration to the geographical boundaries of the CID, such alteration shall be implemented in accordance with the formal process in Section 26 of the CID By-law. If an amendment to the geographical boundaries of a CID is deemed non-material and does not alter the terms of liability or the quantum of the additional rate levied, such amendment shall be undertaken in compliance with Section 25 of the City Improvement District By-law.

Where additional services are necessitated through collaboration with municipal departments, and such services are not expressly provided for in the motivation report but is deemed as enhanced and/or supplementary municipal services, the business plan may be amended without further

consent, provided that the amendment is non-material and the process prescribed under Section 25 of the City Improvement District By-law, 2023 is duly followed. For a material amendment relating to services, section 26 of the CID Policy will become applicable.

There are currently no further plans to investigate or explore significant changes to the strategy or operations of the SPCID and therefore none are noted here.

**List of all Rateable Properties within the CID as Annexure A**

A list of all the rateable properties within the SPCID is attached as Annexure A.

SA FOTOGRAAF WEN GESOGTE TITEL

# ‘Dit is die Oscars van wild-fotografie’

'n Suid-Afrikaner is vanjaar die wêreld-wildlewefotoograaf van die jaar.

Die hoogs gesogte titel word jaarliks toegeken in 'n kompetisie wat deur die Natural History Museum in Londen aangebied word. Eerbewyse word in verskeie kategorieë vir uitstekende fotografie toegeken.

Wim van den Heever het die algehele titel losgeslaan vir sy foto van 'n strandjut, die skaarsste van alle hiëna-spesies. Hy het dié dier in Kolmanskop in Namibië algemeen.

Die strandjut kyk so effens verby die kamera. Op die agtergrond is 'n verlate, verligte huis wat al deur wind en weer beskade is. Die foto is in die nag geneem en die mis wat neerdaal, laat die toneel spookagtig lyk, lui 'n artikel op die museum se webtuiste.

Die foto het ook die stedelike-wildlewe-kategorie gewen. Die beoordelaars was verwonderd oor die kinkel wat dit aan die interpretasie van stedelik gee.

“Dit was eens, maar is nie meer nie,” 'n mensoorheersde omgewing,” sê Kathy Moran, fotograaf en voorsitter van die jurie wat die wenners aanwys. Met die tittog van mynwerkers het die wildlewe oorgeleem.

“Is dit steeds 'n dorp? Dit lyk vir my so, net nie meer ons s'n nie.”

Die beoordelaars beskou die foto ook as 'n uitstekende voorbeeld van die eienskappe wat nodig is om 'n suksesvolle natuurlewefotoograaf te wees: Nuuskierigheid, geduld en talent, maar bowenal volharding.

Van den Heever het 10 jaar daaraan gewy om dié buitengewone foto te neem.

Dr. Natalie Cooper, dierkundige, sê dit is seldsamer om 'n strandjut naby mensewoning te vind.

Hulle voel egter “heel veilig” aangesien mense die Kolmanskop-gebied 70 jaar gelede verlaat het nadat die diamante wat daar ontgin is, opgegraak het.

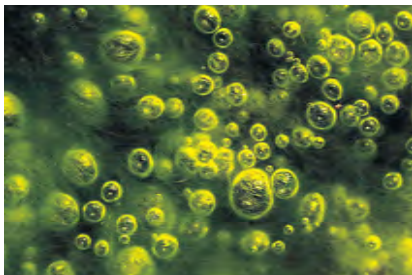

Cooper sê die eenzaamheid van die plek, tesame met mensgemaakte konstruksies wat die diere teen die wind beskerm, maak dit 'n ideale plek om nes te skep.

Dorpe soos dié, in die middel van die woestyn waar hulbronne beperk is, is amper net soveel van die hiënas afhanklik as wat die hiënas daarvan afhanklik is, lui die artikel.

As aasvreters maak hulle nie

net skoon deur aan dooie diere te vreet nie, hulle herversprek ook voedingstowwe.

“Hulle reis dikwels oor baie groot afstande,” sê Cooper. Hul herwinningstrol maak hiënas noodsaaklik in moeilike omgewings. Sonder aasdiere sou karkasse opgehoop en voedingstowwe op een plek gebly het en sou ander dele van die ekosisteel

Quentin Martinez van Frans-Guyana het die kategorie Gedrag: Amfibieë en reptiele gewen. Foto: WILDLIFE PHOTOGRAPHER OF THE YEAR

Die strandjut is hoofsaaklik 'n nagdier en lei gewoonlik 'n enkelewe. Jare lank het Van den Heever die verlate dorp deurgesoek en slegs spore van die ontwikkelende dier gevind.

“Ek het geweet hulle was daar, maar om een af te neem, sou net nooit gebeur nie,” het hy later gesê.

Van den Heever het op Insta-

gram geskryf dit was 'n “ongelooflike oomblik” toe hy aangekoms is en “'n droom wat waar geword het.”

“Dit is die Oscars van die wild-fotografie-wêreld en om vir hierdie kort oomblik buite te staan, is werklik 'n eer.”

Die jaarlikse uitstalling wat aan die kompetisie gewy is, open vandag by die museum.

## Twêe Oseane-akwarium groet sy geliefde heuningkoekpystert Honey

Jackie Kruger

Die Twêe Oseane-akwarium in Kaapstad is een van sy geliefte inwoners kwyt.

Honey, 'n 15-jarige heuningkoekpystert (*Himantura uarnak*), is die naweek dood nadat sy vir 'n sekondêre infeksie behandel is.

Sy was 'n bekende gesig in die I&J Ocean-uitstalling van die akwarium. Haar dood is vandeeweek op die akwarium se Facebook-blad bekend gemaak.

Honey was in haar later jare onder die sorg van die akwarium se veerartsenkundige span, wat haar vir 'n sekondêre infeksie behandel het. Omdat haar eeltus afgeneem en sy gewig verloor het, is sy na agter die skerms verskuif sodat sy meer gefokusde sorg kon kry. Ondanks alle pogings kon Honey nie herstel nie en is sy die naweek dood.

Volgens die akwarium dui die uitslag van 'n nekropsie moontlik op organversaking, 'n algemene oorsaak van dood by bejaarde seediere.

Heather Wares, woordvoerder van die akwarium, het gister gesê hulle is baie hartseer oor Honey se dood.

“Honey was sedert 2016 'n grasiëuse, geliefde inwoner van ons I&J Ocean-uitstalling. As 'n geliefde ambassadeur vir haar eie en ander mariene spesies het Honey 'n sentrale rol daarin gespeel om onvergelyke ervarings vir die akwarium se besoekers te skep.”

Honey was 'n geliefde inwoner van die I&J Ocean-uitstalling by die akwarium.

Volgens Wares het Honey se “sagte teenwoordigheid” menige besoeker geïnspireer om die akwarium se doelwit te ondersteun om 'n veiliger ose-

aan vir alle seeliewe te skep. “Sy sal baie gemis word en haar nagedagtenis sal sterk by ons akwarium-familie voortleef.”

## Biblioteke bied eksamen-steun

Biblioteke in Kaapstad het 'n spesiale projek bekend gestel om leerlinge en veral matrikulante by te staan in hul voorbereiding vir die eksamen.

Spesiale ruimtes is in biblioteke ingeruim, en hulle het toegang tot hulpbronne soos studiegids, handboeke, gratis skryfbehoeftes en die aanlyn SmartCape-diens, waar hulle toegang het tot ou eksamenvraestelle.

'n Aanlyn diens, opac.capetown.gov.za, word ook beskikbaar gestel waar gebruikers via die internet toegang kan verkry tot bibliotekmateriaal.

Francine Hingham, burgemeesterskomiteelid vir gemeenskapsdiens en gesondheid, sê almal weet hoe stresvol eksamentyd kan wees en Kaapstad se biblioteke doen dus alles wat hulle kan om leerlinge by te staan.

Sy moedig matrikulante aan om die spesiale studieruimtes te gebruik en wens hulle sterkte toe.

**Cllr. JOWELL.**

Always good to be at the AGM and thank you to the Board members for giving up their time to serve on the SPCID Board. Number of issues are raised currently namely construction in the area, traffic congestion and limited sidewalk space in certain areas. The Promenade has become the place to be, but Park Rangers are on duty to ensure the safety of the people frequenting this area. Street Children is still a major concern, but continuous operations will be addressing this in the long term.

**COL. ENGELBRECHT.**

Thank you to the Chairman and well done to the SPCID for work well done, if you look at Main and Regent Road you can see the excellent work done in this area. LPR cameras are a huge help but now crime has been displaced. Remote jamming is now a concern, no crime on the Promenade it has now moved to Granger Bay. Street children is a concern but thank you for taking 12 children off the street. He emphasized to not give money to the street children but support a registered NGO. Thank you to RI. Klatie for his assistance and we need to work more closely with all other Law Enforcement and private security companies.

**REGIONAL INSP. B. KLATIE.**

It is a privilege to address this meeting, homelessness is a problem in the area, and we need to work together to solve this problem. Operations are done in the area to address the street children. Giving on the streets should not take place as this encourages them to remain in the area. PB asked if there was a long-term strategy to this problem, RI. Klatie explained that children are taken to DSD and the waiting list is long and the problem is that the City of Cape Town must host these children. Parents send the children here to make money, and the children send it home via e wallet. PB said that they are building schools in impoverished areas and needs to know how they can assist in getting children off the street. Can the City not be mandated to assist these children, but for this to happen then the Child Protection Act would have to change

**CHIEF OPERATIONAL OFFICER.**

Heather Tager the COO for the SPCID thanked all role players for their assistance during the year.
